Introducing the new KleenSpec® Disposable Vaginal Specula and Cordless Illumination System

An advancement in Women's Health technology that's nothing short of brilliant.

WelchAllyn
Advancing Frontline Care™
Now you can have better visualization of the exam area without the hassle of cords.

The new KleenSpec® Disposable Vaginal Speculum with the innovative Cordless Illumination System offers greater convenience for you, added comfort for your patients.

The Welch Allyn KleenSpec® Vaginal Specula and Illumination System has been totally redesigned to provide the key features you've come to expect—plus a number of important and exciting enhancements.

With so many new time-saving features and benefits, the new KleenSpec® Disposable Vaginal Specula and Cordless Illumination System are a must for every office and hospital.

The new 590 Series KleenSpec® Vaginal Speculum has all of the quality features you rely upon and more.

> Maneuverability—new wider handle provides improved ergonomics, better balance, and it is much easier to manipulate during exams.

> Superior Illumination—newly designed light pipe provides a homogeneous spot and eliminates glare back—all of the light is projected forward right where you need it.

> Comfortable—smooth, molded acrylic will not pinch or bind tissue for greater patient comfort during the exam.

> Disposable—Welch Allyn's single-use speculum eliminates the time and expense of reprocessing and reduces the chance of cross-contamination.

> Safe and Dependable—stronger grip and the yoke is more flexible than low-cost substitutes.

> Compatibility—the new 590 Series KleenSpec® Vaginal Speculum is compatible with the current illumination system (#78810) as well as the new illumination system (#79910).
The new Welch Allyn KleenSpec® Disposable Vaginal Specula 790 Series Illumination System will change the way you see your patients.

> Superior Visualization—advanced LED light source provides better visualization of the exam area by supplying brighter, whiter light, right where it is needed.

> Cordless and Rechargeable—no cord to get in the way or break during procedures, continuous on time of 80 minutes, recharge time of six hours, lithium ion battery technology. The new cordless illumination system easily fits right into the new KleenSpec® Disposable Vaginal Speculum.

> Automatic On/Off—no more hassle with turning the unit on and off. When the new KleenSpec® Illumination System is inserted into the 590 Vaginal Speculum it is automatically illuminated, and once it is removed the light goes off.

> Versatility—use your new Illumination System as an all-purpose light source as well as with the KleenSpec® Disposable Vaginal Speculum.

> Convenient—no cords to clean, much less heat than traditional lamps.
